MASTER PLANNING**

# LANSDOWNE BOROUGH MASTER PLANNING

The size & number of proposed spaces will be the basis for design schemes, however other options may be considered which do not meet all the requirements listed below in order to consider less

LIBRARY		Existing Library is 7,200 sf
Summary Statement:	Library is well utilized, crowded and in need of additional space. In our opinion, expansion of at least 50%+ should be the goal as anything less may not be enough of an improvement to justify a construction project. The program below would result in a 60% increase resulting in an enlarged building of 11,520 sf. This number can of course be adjusted up or down based on available budget.	
Goals:	<ol style="list-style-type: none"> <li>1 Improve open seating and circulation space. More natural light. Create a place that patrons want to be in. More and better public space</li> <li>2 Create Meeting Room(s) / Quiet Room / Study Room(s)</li> <li>3 Lower stacks for improved visibility across the space. Increase size of collection by 20%.</li> <li>4 Expand Children's Library</li> <li>5 Additional Staff work space.</li> </ol>	
Borough Population	10,650 people	
Number of Visitors	85,000 +/- annually pre-pandemic	
Collection Size	66,000 items	
Items circulated	50-55,000 +/- annually pre-pandemic	
Staff	Full-time positions; Library Director, Children's Librarian, Reference Librarian, Head of Programs, Circulation manager 10-11 part-time positions processing, repairing, cataloging and checking out materials.	

60% Increase  
in Program Area

*NOTE:  
A new 2-Story Library  
Option will require  
additional increase in sq ft.*

Program of Spaces:	#	size (sf)	#	size (sf)	
<b>Adult Library</b>					
Stack Area	1	1150	1	2000	Recommend expansion of collection by 20%. Eliminate 7 shelf high shelving in favor of 60", 5 shelf high units for improved visibility across stack area.
Browsing / Seating	1	1500	1	2200	Well lit inviting environment. More seating options. Possible senior citizen corner near large print section.
Ref. Librarian	1	--	1	75	Currently a desk in open Library. Propose more separation from other spaces.
Table Seats	16	--	20	--	
Computer Station	12	--	14	--	Existing stations are heavily used
Study carols	6	--	3	--	Perhaps a reduction is possible if a quiet room is included
Lounge Seats	2	--	8	--	
Copy Center	1	--	1	--	
<b>Young Adult</b>					
	1	225	1	400	Create a room that is more inviting of a designation for teens; remote (but still observable). Promote after school programs.
<b>Children's Library</b>					
	1	1175		1700	Shelving and Seating Area. Area for Arts & Crafts. Play area. Sensory wall. Comfortable place for Adults to sit while their children are engaged in activities.
Children's Libr. Des	1	--	1	--	
Puppet Room	1	30	1	30	Currently window to the Meeting Room and the Children's
Table Seats	16	--	20	--	
Computer Stations	--	--	--	--	
Lounge / 'fun' Seats	--	--	8	--	
Meeting Room - large	1	845	1	845	Use for both Library and outside programs. Improved sound isolation for musical programs. Possible set up for after hour use.
Storage Rooms	4	150	4	200	Off Meeting Room and in support of Meeting Room. Total area of existing storage is 150 square feet.
Meeting Room - Sma	--	--	1	200	Divide w/ operable partition. Option of two smaller rms. with operable partitions.
Quiet Room	--	--	1	250	Study carols, lounge seating & small tables.
Tech Lab	--	--	1	100	
Maker Space / Meeting Rm	--	--	1	300	Maker space exists in community. Library intends to provide items beyond what is provided elsewhere.
Workroom	1	300	1	500	Workspace for Program Director, Circulation Supervisor and office manager.
Director's Office	1	70	1	100	Increase size if relocated.
Staff Toilet Room	1	20	1	50	
Circulation Desk	1	185	1	185	
Storage	--	--	1	100	
Archive Storage	--	--	1	50	Temperature and humidity controlled
Lobby	1	150	1	150	Patron lockers
Toilet Room	2	130	2	350	Existing rooms are 65 sf ea, single occupant. Increase size to create multi-occupant rooms.
Family Toilet Room	1	30	1	60	ADA accessible room for parents w/ young children of different gender, spouses or children or friends who require assistance. Existing room is off Children's library.
Janitor Closet	1	30	1	30	
Subtotal		5,990		9,875	
Utilization factor		1.20		1.20	Accounts for circulation, mechanical, wall thicknesses, etc
Library Size		7,200		11,870	Actual size of existing building is 7,200 sf.

## LIBRARY PROGRAM

EXISTING SF:	7,200 SF
PROPOSED SF:	11,870 SF

~ + 60% INCREASE

Brooklyn, by WORKac.

“I think [libraries are] the last true community and public space,” WORKac cofounder and principal Amale Andraos

users would need from the Adams Street Library, a branch of BPL. The sessions revealed that children would need to be, in the words of Andraos, “the heart of the space,” and that as a whole, the library would ideally serve as a place where “everyone could come together.” To that end, Andraos and WORKac

What does the Lansdowne Library mean to the Community it serves?

How do you see its role evolving?

The size & number of proposed spaces will be the basis for design schemes, however other options may be considered which do not meet all the requirements listed below in order to consider less

POLICE		Existing Police portion of building is 6,250 sf	
Summary Statement:		Police Department is functioning, but we would suggest several possible improvements which we believe should be a primary goal. These would improve efficiency, increase safety and security and likely improve efforts for accreditation:	
Improvement	1 Receptionist connected to secure police area		
	2 Single ADA unit-sex toilet room off lobby for public use.		
	3 Create an interview area / conference rooms to interact with the public; take reports or interrogate. Secure from lobby and from secure police area.		
	4 Expand evidence processing and evidence storage		
	5 Add Sally port		
	6 SWAT Gear and ready room?		
	7 When renovated in 1987 there were 16 positions		
	8 More space for prisoner processing. Move holding cells to main level.		
Staff:	Crossing Guards are also within department but required no space in the building.		
Chief:	1		
Detectives:	2 Sergeants		
Sergeants:	4 Four patrols		
Patrol Officer	8 + 1 part time. Officers work 12 hour shifts.		
Parking Enfor	?		
Civilian Staff:	2 Chief's Assistant and Receptionist		
Poss. Future Officers	Possible 1 or 2 in the next decade		
<u>Vehicles:</u>			
Chief's Car	1		
Patrol Cars	4		
Bicycles	4		

40% Increase in Program Space

Program of Spaces:	#	Size (sf)	#	Size (sf)	
Secure Lobby	1	300	1	300	Access to reception. No access to public toilet rooms.
Reception	1	85	1	100	Space should connect to secure police areas to avoid Receptionist from traveling through lobby to access office Distributes records. Handles cash.
Public Toilet Room	--	--	1	50	Single occupant ADA compliant. Support new interview room.
Detective Offices	2	185	2	200	Should have desk and small conference table for 2-3
Interview Room	--	--	1	150	Semi-secure area, removed from lobby but without access to police secure areas. Consider access to public toilet room. Set up for video recording.
Chief's Office	1	185	1	225	Should have desk and small conference table for 3-4
Chiefs Admin Assis	1	315	1	150	
Serg. Off & Lock'r Rm	1	130	1	150	Is there a need for separate locker facilities for Sergeants or could that be with other lockers?
Locker Room		in av.	1	100	Current room is connected to Sergeants Office. Should be separated. Shift times do not stagger. Up to 4 officers in room as same time (including detectives). Need 6 lockers.
Patrol / Squad Room	1	300	1	200	Improve 3 work stations. Current facility has a holding cell in it which may be necessary if no other space is available but seems problematic for anyone other than a
Locker Room	1	100	1	125	Current room is connected to Patrol Room. Should be separated. Shift times do not stagger. Up to 5-6 officers in room as same time. Need 11-12 lockers.
Support Spaces used by all officers					
Toilet Room	2	280	2	400	Currently used by all non-public occupants; officers & civilians. 1 shower per room. Current rooms do not comply with ADA. As it does serve civilian employees, it should be brought to compliance.
Work Room	--	--	1	150	Printer. Storage cabinets. Currently in Chief's Assist. Office.
Fitness Center	--	--	1	150	Second tier goal.
Kitchen / Break Rm	1	130	1	200	
Janitor Closet	1	25	1	30	
Evidence Processing	--	--	1	75	
Evidence Storage	1	60	1	150	
Prisoner Processing	Spaces for video arrangement; processing room or interview rm. secondary goal to move holding cells to main level. Currently a discussion about a central county-wide facility for booking & holding. Use Darby Township holding cells				
Sally Port	--	--	1	400	
Proc / Finger Print.	1	75	1	100	
Holding Cells	2	140	2	140	
Juv. Holding Cell	1	25	1	50	Currently use cell in Patrol Room. Needs to be observable from manned station.
Garage Storage	1	790	1	790	Overhead door to Exterior. Current space houses generator. Can be combined with new Sally Port.
Basement Storage	2	300	1	300	Existing space includes elevator machine room. Have not included the space of the former pistol range.
Subtotal		3,425		4,685	
Utilization factor		1.82		1.82	Accounts for circulation, mechanical, wall thicknesses, etc
Police Size		6,250		8,549	Actual size of utilized portion of existing building is 6,250

The size & number of proposed spaces will be the basis for design schemes, however other options may be considered which do not meet all the requirements listed below in order to consider less expensive solutions.

TOWNSHIP ADMINISTRATION				Existing Upper Level is 4,200 sf (includes Board Room & Lobby)	
	Summary Statement:				
	Current		Proposed		Township Administration functions fine in the space they are in. If they are to be renovated or relocated, the improvements listed below should be implemented. But these improvements are considered secondary to other
	#	size (sf)	#	size (sf)	
Board Room	1	890	1	890+	Current Room Seats 30-35 visitors. Board Table needs to accommodate 7 Council Member, Mayor, Manager, Police Chief, Solicitor, etc. (12 positions total). Also used for Meetings by all member of the Township Administration. Room is adequate in size to current needs. Occasionally people are in the lobby but typically only family of people receiving recognition.
Public Conference Rm	1	385	1	385	Used by Commissions and public. Currently on lower level. Used by Police.
Secure Lobby	1	300	1	300	Access to reception, Board Room and Toilet Rooms. Table to fill out forms for building permit. Should have a small conference table for Administration to assist public without bringing them into the private area or Board Room.
Public Toilet Room (male & female)	2	90-125	2	75	Supports Board Room and Lobby. Male & female rms. Existing rooms are multiple occupant, but not ADA compliant. Code only requires 1 single occupant room per gender so rooms are adequate.
Custodial Closet	--	--	1	30	One room per floor.
Mayor's Office	1	175	1	225	Should have desk and small conference table for 3-4 people
Manager's Office	1	220	1	225	Should have desk and small conference table for 3-4 people
Business / Finance O	1	340	1	250	Two work stations. Accounts rec, payable.
Dir. Of Code Enforce	1	190	1	190	Plan files and review table.
Field Inspectors	1	115	1	150	Spend less than half their day in office. Mostly in field. Two work stations with counters large enough for plan review.
Recept./Admin sup	1	120	1	120	Also supports Manager
Conference Room	1	190	1	190	Seating for 6. Visual Display boards.
File Room	1	270	1	75	Most materials have been digitized, severely reducing the need for this room.
Kitchen	1	90	1	150	Sink, microwave, refrigerator, small table.
Non-public Toil. Rm	1	30	1	50	Existing is not ADA compliant. Propose ADA compliant.
Subtotal		3,315		2,415	
Utilization factor		1.26		1.26	Accounts for circulation, mechanical, wall thicknesses, etc.
Admin Size		4,188		3,051	Actual size of utilized portion of existing building is 4,188 s

## TOWNSHIP PROGRAM

[NSF]

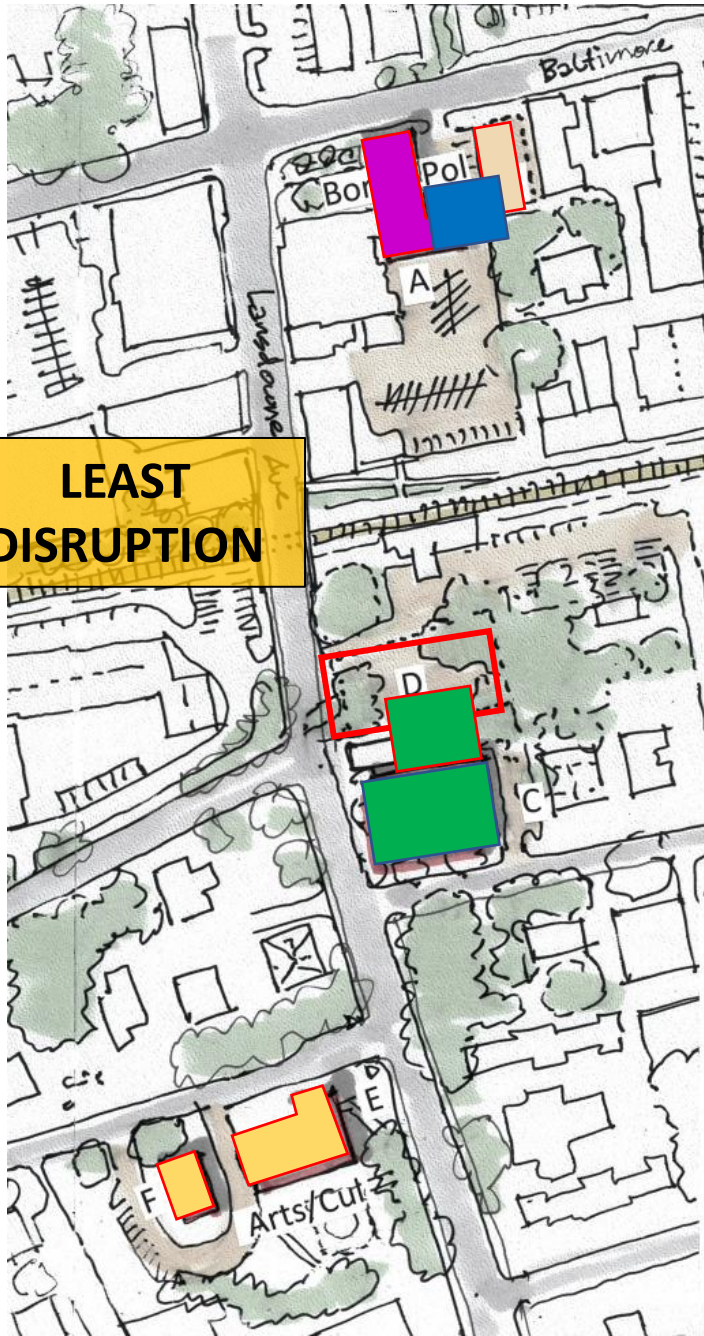

EXISTING	4,188 NSF
PROPOSED	3,051 NSF

~ 0% INCREASE

# LANSDOWNE BOROUGH MASTER PLANNING

## “SAME, BUT BETTER”

- SAME LOCATION FOR EACH CURRENT OPERATION
- POLICE EXPAND AT BOROUGH BUILDING
- LIBRARY EXPANDS AT CURRENT LOCATION
- 20<sup>TH</sup> CENTURY CLUB & 20/20 HOUSE REMAIN

- PROBABLY THE LEAST EXPENSIVE APPROACH
- PHASING IS POSSIBLE BUT DISRUPTION OF OPERATIONS IS A FACTOR

- FUTURE USE OF 20<sup>TH</sup> CENTURY CLUB NOT REALLY ADDRESSED FROM THE WAY IT IS CURRENTLY USED.
- PROPERTY SHOULD BE ACQUIRED FOR EXPANSION OF LIBRARY

# “THE SWITCH”

- LIBRARY MOVES TO BOROUGH BUILDING LOCATION WITH A SIGNIFICANT ADDITION
  - [BOROUGH REMAINS AS IS]
- POLICE MOVE TO HE LIBRARY LOCATION
- 20<sup>TH</sup> CENTURY CLUB & 20/20 HOUSE REMAIN UNCHANGED

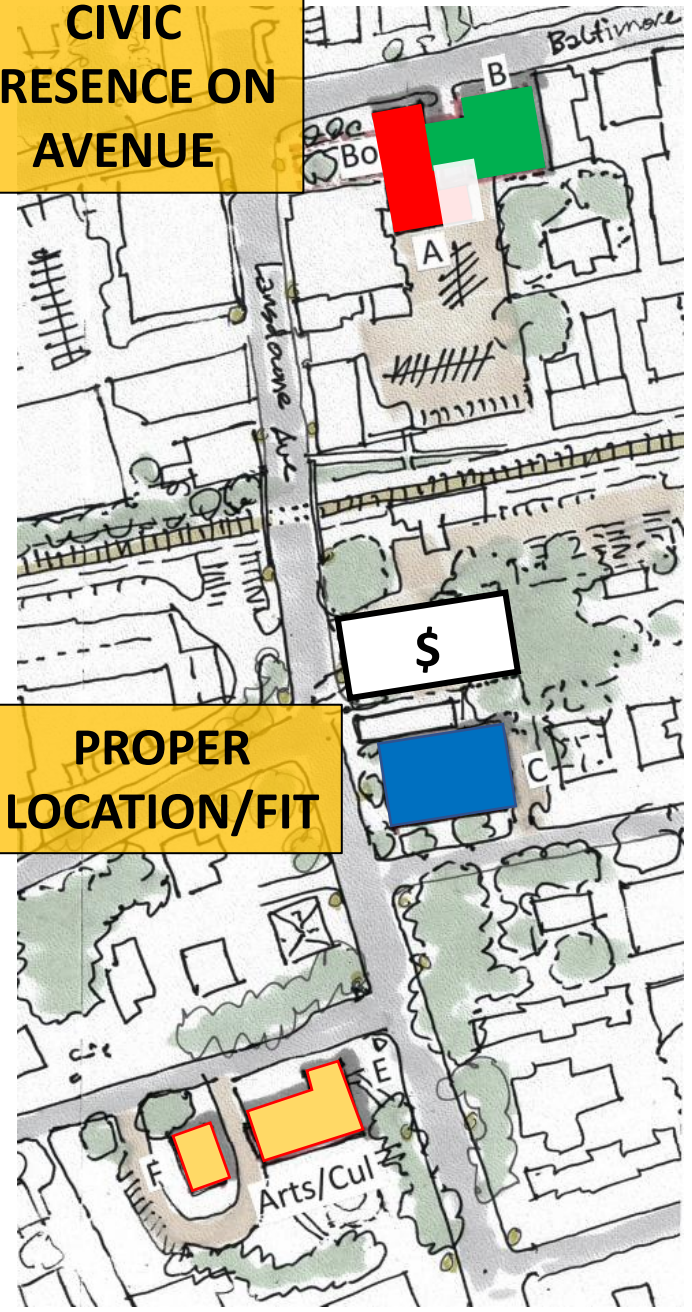

- INTERESTING LOCATION FOR THE LIBRARY
  - PARKING AT BACK OF BUILDING
- 20<sup>TH</sup> CENTURY CLUB MIGHT BE USED AS A PHASING HUB FOR LIBRARY IF POLICE MOVE
- ADJACENT PROPERTY ACQUISITION MAY NOT BE REQUIRED.

- DOES NOT ADDRESS LONG-TERM USE OF 20<sup>TH</sup> CENTURY CLUB & 20/20 HOUSE
- PROBABLY THE MOST EXPENSIVE APPROACH
- SIGNIFICANT PARKING CHALLENGE

CIVIC PRESENCE ON AVENUE

PROPER LOCATION/FIT

# “NEW CAMPUS”

- LIBRARY MOVES TO 20<sup>TH</sup> CENTURY CLUB
  - [20/20 HOUSE CAN REMAIN OR BE REMOVED FOR ADDT’L PARKING]
- POLICE MOVE TO LIBRARY – OR -
- LIBRARY SITE IS SOLD AND POLICE EXPAND AT BOROUGH SITE

- 20<sup>TH</sup> CENTURY CLUB PROPERTY IS GIVEN NEW VIBRANT FUNCTION AS PART OF THE LIBRARY OPERATIONS [GOOD PROGRAM ELEMENTS FOR MODERN LIBRARY]
- POTENTIAL SALE OF EXISTING LIBRARY PROPERTY HELPS MITIGATE COST OF NEW LIBRARY
- ADJACENT PROPERTY WOULD NOT NEED TO BE ACQUIRED.

- WHILE NOT THE MOST EXPENSIVE [IF LIBRARY PROPERTY IS SOLD IT IS STILL MORE EXPENSIVE THAN “SAME, BUT BETTER” SCHEME.
- IF POLICE MOVE TO EXISTING LIBRARY, ADDITIONAL COSTS AND A NEW TENANT WOULD BE NEEDED AT THE BOROUGH BUILDING.

DESTINATION/  
CAMPUS
